

General Info

1. We are asking all coaches to screen their athletes prior to arrival at the meet. Please provide this documentation at the meet. The form can be found on the meet page.
2. Everyone entering the facility will have their temperature checked. Anyone registering a temperature of 100.4 or above will not be allowed to enter the park.
3. We will have a \$5 parking donation for those who wish to contribute. Parking will go from the back to the front.
4. All spectators must wear a mask at ALL times in the park. Runners are free to not wear a mask only when running.
5. We request that only immediate family attend the meet. Please emphasize to your parents the need to maintain proper social distancing at all times and wear their masks.
6. Under the TSSAA guidelines, each team should only allow coaches, athletes and essential team personnel to stay at the tent site. Each team will be assigned a team site.
7. To keep numbers manageable throughout the meet, please request that runners and their family head home after they cool down. However, if any runner or their family stays, then they need to remain socially distanced and continue wearing their face masks.
8. We will not have an awards ceremony. Individual medals will be given in the finishing chute and team awards will be given to the coach. When the results are official, they will be uploaded to Milesplit and I'll send an email through the Milesplit meet page.
9. Please be respectful of the park and make sure your tent area is clean. Each team will be provided a trash bag.
10. We will sell meet shirts for \$20 and sell sealed concession items.

Starting Line Procedures

1. Please report to the starting line no earlier than 10 minutes before your race time. We have plenty of space around the park to do your drills/strides
2. In order to promote social distancing, we will have three starting lines, with six feet between lines. You may put three runners on the first line, two runners on the second line and two runners on the third line. In the JV races, you may put up to four runners per line.
