Coaches Assisting with Field Events

Thank you for making the 2021 track season successful. Track is a unique sport in that coaches and volunteers work together to provide quality athletic opportunities for our student-athletes. Every school with participants in field events is expected to assist with field events. If you have knowledgeable staff they are needed as well.

Please indicate the events that your school can assist with at the State Track Meet. Many hands are needed - pulling a tape, raking a pit, recording a jump, or assisting in other ways. Your help makes every track meet successful.

When working a field event, coaches and volunteers work both the boys and girls division of that event.
