

COVID-19 Attestation

Director of Athletics/Designee and Head Athletic Trainer must complete this document and exchange with the opposing team before competition begins. Completed forms must be sent to the head coach along with a cc to tdonovan1@csustan.edu.

By signing and dating this form, you attest that your institution has satisfied the policy requirements outlined below:

1. The travel party for plane and bus travel, including student-athletes, coaches, staff and others traveling in same manner, have all undergone testing in accordance with the California State University policy.
2. All members identified in the travel party (described above) are not currently experiencing symptoms of Covid-19 and have been symptom-free for at least the prior 10 days. Syptomatic travel party members or untested individuals should not travel to campus. Testing protocol aligns with the most recent NCAA Sports Science Institute recommendations from August 2, 2021. The test can be PCR, Antigen or a combination of both.
3. All individuals in the team bench area will appropriately apply a face covering while not on the playing surface. Face coverings are required on the campus of California State University, Stanislaus.
4. Upon date and time of signature, no member of the student-athletes, coaches, or staff has developed symptoms that might indicate an infection of COVID-19 between the time the most recent test was collected, referenced in item 1, and the beginning of the contact. Should any member listed in item 1 exhibit or report such symptoms at any time prior to the contest, he/she will be held out of the contest.
5. In the event that a member in item 1 has been identified as being a close contact to another individual whom has tested positive in the past 14 days, the Director of Athletics or Head Athletic Trainer will contact CSU Stanislaus the same day they are notified of the exposure. This exposure will need to be evaluated by both Team Representatives to determine if quarantine or additional testing are required before competition is allowed.
6. In the event a member in item 1 becomes symptomatic or has a positive test for COVID-19 in the 48 hours after a contest, the Director of Athletics and the Team Physician or Head Athletic Trainer will contact CSU Stanislaus the same day as positive test is known.

It is also recognized that state, county and local guidelines shall always take precedence and may supersede thresholds and/or institutional decisions. Also, Covid-19 guidance changes with regularity. This attestation is subject to updates.
