Mission Project 2026 - Hendrix Elementary Blessing Bags

At Spartanburg Christian Academy, we use our home Cross Country meet to give back to our surrounding community. Instead of charging admission, we ask you to participate in our mission project. This year we continue that tradition by asking visiting teams to support our "Blessing Bags" project for Hendrix Elementary.

Hendrix Elementary Blessing Bags are given to students identified by members of Hendrix Administration. These students depend on the school for their meals. When school is out, they often don't have anything at home to eat. By bringing non-perishable items (listed below), you become part of the blessing.

What to bring for Hendrix Blessing Bags:

These students are K4 – Fourth Grade, so think "simple preparation" and nut free when choosing items.

- Individual microwaveable macaroni and cheese bowls or packets, individual pop-top Chef BoyArdee, Spaghetti-O's, or other individual microwaveable hot meals
- Individual bags of Goldfish, Cheez-it crackers, or pretzels
- Granola bars or cereal bars
- Single-serve boxes or bowls of cereal
- Apple sauce or small fruit cups
- Juice boxes or non-refrigerated milk boxes

***THANK YOU for supporting the
SCA Blessing Bag mission project!***
