Course Notes

The race is run only on the Upper School campus. The start is on the track at the north end of the stadium. Runners leave to the southwest, take the west loop around the baseball field, return across the north tree line, drop down the east side of campus, and enter the south woods. The one-mile mark is on the return from the woods, just before the finish. The finish is the loop in the grass south of the stadium. Team tents are on the west side of the track in the football stadium. Please stay out of the stands.

The course overall is long — over 3.2 miles — with steep grades and turns. Parts of the race are pavement, so spikes are not advised.

Medical, Race Support, Weather Information

Athletic training staff are on site for every race. The athletic trainers' station is near the finish line on the practice field. A lead vehicle and a trail medical vehicle will accompany the field on every race. St. Michael's Catholic Preparatory School athletic administration handles weather delays and cancellations per TAPPS Guidelines. The school uses a ThorGuard Weather System on-site to monitor lighting.
